Bob and Jim – I have reviewed all the edits LWG has proposed to the modifications EPA made to this section. While I haven't removed all the redline/strikeout text, I'm approving the edits as they currently exist in this version. We have discussed and agreed to language in Sections 5.0 through 5.5. I have agreed to the majority of the edits made to Section 5.6, with a few noted exceptions redlined in the document. Please look over the attached documents and see if you are in agreement with the current version. Let me know if we need to discuss further.

Regards,
